| 8  | Microcontroller Subsystem                           | 8  |
| 9  | Microprocessor Subsystem                            | 9  |
| 10 | Implementation and Verification of Subsystems       | 10 |
| 11 | Discussion and Conclusion                           | 11 |
| 12 | Conclusion of the whole system                      | 12 |
| 13 | Appendix                                            | 13 |

## 1 Functions and Program of Requirements of the System

Figure 1: Subsystems of the project.

## **2 Hardware & Sensing Subsystem Overview**

### **3 Sensing**

## **4 Visualisation**

## **5 Support Systems**

## **6 Implementation and Verification of Subsystems**

## **7 Discussion and Conclusion**

## **8 Microcontroller Subsystem**

## **9 Microprocessor Subsystem**

## **10 Implementation and Verification of Subsystems**

## **11 Discussion and Conclusion**

## **12 Conclusion of the whole system**

## 13 Appendix
